Mr. Eric Newman

Hi Eric:

How nice to see you at the recent G.N.A. convention.

You never seem to change, although you looked a little tired the first day, probably from the flight.

I'm happy you're operation was a success and that its behind you. My father had that same situation as you when he was 73 he's doing great now at 80.

I had a good time, still looking and collecting, now its civil war dog tags of New Hampshire.

Take good care Eric and send my best wishes to you're wife too!

Best Regards
Bob Wester
